No. LSSBM / 12016

Date : 19 / 05 / 2016

To,

HOD

Dr. V.B.Kolte College of Engineering, Malkapur

Subject: Letter regarding the feedback from your departments

Respected Sir,

The management observed the feed back given by your all departments from alumni, students, teachers and Employers and Parents for year 2015-16.

Civil Engineering Department:

By observation we decided that you have to take site visits, field projects, value added courses.

Mechanical Engineering Department:

By observation we decided that you have to take electrical subject lectures organized according to industrial requirements.

Electrical Engineering Department:

By observation we decided that you have to take workshops on smart grid power generation.

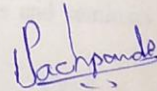

Computer Science & Engineering Department:

By observation we decided that you have to take workshops on additional JAWA language and PHP language.

E& TC Engineering Department:

By observation we decided that you have to take workshops on voice network.

So hopping positive response from your side.

Subject: Letter regarding the feedback from your departments

Respected Sir,

The management observed the feed back given by your all departments from alumni, students, teachers and Employers and Parents for year 2016-17.

Civil Engineering Department:

By observation we decided that you have to take more practical's on Total Station equipment which is related to actual construction site requirements..

Mechanical Engineering Department:

By observation we decided that you have to arrange expert lecture and workshop on boiler design.

Electrical Engineering Department:

By observation we decided that you have to take maximum site visits on different points which are included in syllabus.

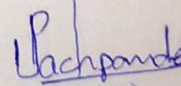

Computer Science & Engineering Department:

By observation we decided that you have to take seminars on Oracle and Linux language.

E& TC Engineering Department:

By observation we decided that you have to take workshops and seminars on Audio, Video Engineering.

So hopping positive response from your side.

Dr. V.B.Kolte College of Engineering, Malkapur

Subject: Letter regarding the feedback from your departments

Respected Sir,

The management observed the feed back given by your all departments from alumni, students, teachers and Employers and Parents for year 2014-15.

Civil Engineering Department:

By observation we decided that you have to take workshops, seminars and guest lectures on different topics and also you have to add new latest structure related building software which is helpful for the students in future.

Mechanical Engineering Department:

By observation we decided that you have to take Industrial Based lectures on different topics.

Electrical Engineering Department:

By observation we decided that you have to take workshops on smart power generation.

Computer Science & Engineering Department:

By observation we decided that you have to take seminars on latest software languages.

E& TC Engineering Department:

By observation we decided that you have to take workshops on computer language like C, C++ language.

So hopping positive response from your side.
