Institute Vision

To be an organization providing quality education to the masses to bring about a social change in the region by establishing and nurturing the technical and allied institutions to become center of excellence.

Institute Mission

M1: To nurture and maintain quality environment for academic excellence, research and development of entrepreneurship, through dedicated staff and transparent management for bringing about a social change, through affordable education.

M2: To impart holistic training to all students so that they develop right kind of attitude, knowledge & skills which will help them to serve the nation in a better way.

M3: To imbibe in the students, basic human values in order to help them, develop individually.

M4: To provide education at reasonable expenditure, especially for middle class population.

M5: To provide up-to-date and trained professionals to industry who will serve as an entrepreneur and will lead their companies successfully.

Facility Assess Policy

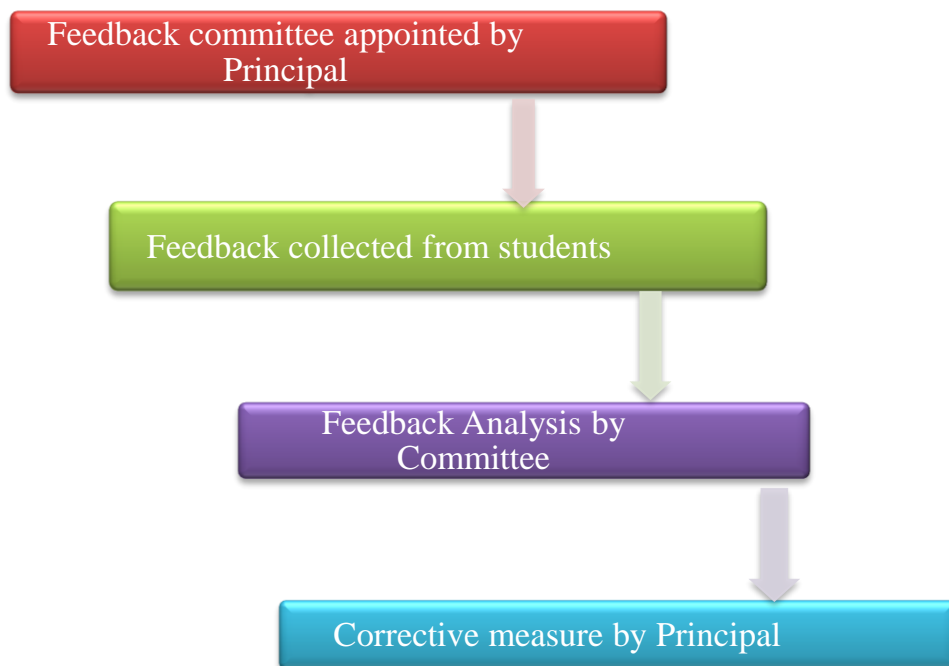

Following is the process of feedback on facilities.

- 1) Feedback collection process
- 2) Feedback analysis
- 3) Corrective measures

1) Feedback collection process

A standard procedure for feedback on facilities is used by the committee which is appointed by the Principal to take feedback on facilities by using following procedure:

1. The Committee collects the feedback from the students on the facilities available in the college such as class room, library, medical facilities, sports, computing facilities, Training and placement, drinking water, internet facility, etc.
2. The feedback is analyzed and the necessary corrective measures are implemented after discussions with the Principal.

2) Feedback analysis

The feedback given by the students is consolidated and analyzed by committee and discuss with the Principal about the consolidated report with the management and come out with necessary actions.

3) Corrective measures

- i. Feedback Committee analyzes the feedback and submits the analysis report to Principal.
- ii. Principal takes the necessary corrective measures against those facilities which getting poor feedback and implement it.
